PROVINCE OF
ALBERTA
CANADA
DEPARTMENT OF MUNICIPAL AFFAIRS
HON. A. J. HOOKE A. W. MORRISON
MINISTER DEPUTY MINISTER

1957

Edmonton, Alberta

November 28th, 1958.

TO HIS HONOUR,

J. J. BOWLEN,

Lieutenant Governor of the Province of Alberta.

SIR:

I have the honour to transmit herewith the Report of the Department of Municipal Affairs, for the year 1957.

I have the honour to be, Sir,

A. J. HOOKE,

Minister of Municipal Affairs.

HONOURABLE A. J. HOOKE,
Minister of Municipal Affairs,
Edmonton, Alberta.

SIR:

I have the honour to submit herewith the forty-sixth Annual Report of the Department of Municipal Affairs for the year 1957.

LEGISLATION

During the year 1958, the following Acts or Amending Acts were placed upon the Statutes of the Province, all of which have some bearing on the work of Municipalities or the Department.

The Assessment Act, Amendment Act.
The Assessment Appeal Board Act, Amendment Act.
The Assessment Duties Temporary Suspension Act, Amendment Act.
The City Act, Amendment Act.
The County Act, Amendment Act.
The Electric Power Taxation Act, Amendment Act.
The Farm Purchase Credit Act, Amendment Act.
The Health Unit Act, Amendment Act.
The Home for Aged or Infirm Act, Amendment Act.
The Hospitalization Benefits Act, Amendment Act.
The Improvement Districts Act, Amendment Act.
The Land Titles Act, Amendment Act.
The Lloydminster Amalgamation Amendment Act, 1958.
The Municipal Capital Expenditure Loans Act, Amendment Act.
The Municipal Districts Act, Amendment Act.
The Municipal Hospitals Act, Amendment Act.
The Municipalities Assessment and Equalization Act, Amendment Act.
The Municipalities Assistance Act.
The Pipe Line Taxation Act.
The Public Health Act, Amendment Act.
The Public Welfare Act, Amendment Act.
The School Act, Amendment Act.
The School Buildings Assistance Act, Amendment Act.
The Special Areas Act, Amendment Act.
The Surveys and Expropriation Act, Amendment Act.
The Town and Rural Planning Act, Amendment Act.
The Town and Village Act, Amendment Act.
The Vehicles and Highways Traffic Act, Amendment Act.

STATISTICAL INFORMATION

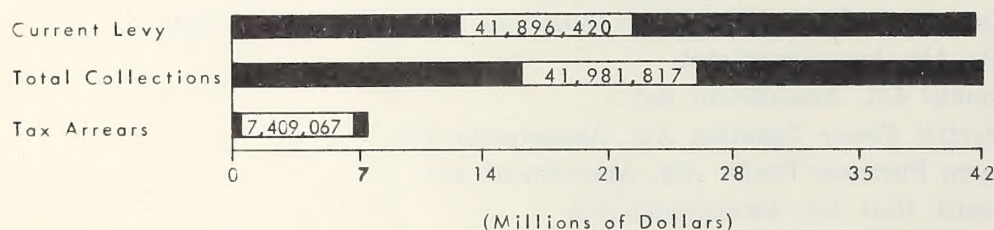

The statistical information contained in this report is compiled from financial statements furnished by each City, Town, Village, County and Municipal District. Information regarding Improvement Districts is taken from Departmental records, and for Special Areas, from the records of the Special Areas Board. All information is for the calendar year ending December 31st, 1957.

CITIES (8)

There has been no change in the number of cities but the continuing growth of the Province is reflected in the Cities by an increase in population from last year's figure of 483,333 to the present 508,463 persons and an increase in area of some 16,174 acres of land.

Assessment: For the seventeenth consecutive year the total assessment has increased. This year's total assessment of \$657,177,083.00 is \$56,650,731.00 greater than the 1956 figure of \$600,526,352.00.

Taxation: There has been a substantial increase in the tax levy. The total current levy of \$41,896,420.00 is \$6,927,243.00 more than last year. Total collections remained at a high level being \$41,981,817.00 which is 100.2% of the levy as compared to 101.2% for each of the previous two years. Outstanding taxes at the end of the year of \$7,409,067.00 are a reduction from last year of 19,211.00 and represent 17.7% of the levy as compared to 21.9% last year.

General Revenue and Expenditure: The increase in taxes along with increases in other items of revenue led to a record total revenue of \$66,445,287.00. This, however, was offset by increases over last year in all items of expenditure except health which decreased \$171,669.00 from last year. The total net surplus for the year is \$457,250.00.

Debenture Debt: The total outstanding debenture debt of \$187,935,167.00 is \$29,270,455.00 or 18.45% more than in 1956.

TOWNS (86)

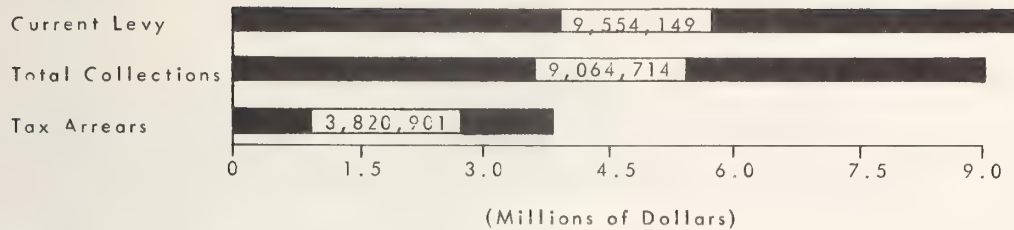

On January 1, 1957 the Town of St. Albert was established as a "New Town" under the provisions of The New Towns Act and effective April 1, 1957 the Village of Drinnan, incorporated January 1, 1957 adjacent to the New Town of Hinton, was before becoming operative amalgamated with the New Town of Hinton.

The Village of Manning became a town on January 1, 1957 and the Village of Valleyview gained town status on February 5, 1957.

Since the Town of Lloydminster reports directly to the Province of Saskatchewan and the changes made under the terms of The New Towns Act had no effect on the total number of towns in existence last year, this report deals with 85 towns as compared to 83 last year.

Assessment: Assessments totalling \$176,218,911.00 are \$24,207,972.00 more than the 1956 total assessment of \$152,010,939.00.

Taxation: The total tax levy increased \$1,722,747.00, from \$7,831,402.00 in 1956 to \$9,554,149.00 in 1957. Tax collections of \$9,064,714.00 are 94.8% of the levy leaving outstanding taxes at the end of the year of \$3,820,901.00 at 40% of the levy as compared to 44.4% last year.

General Revenue and Expenditure: The increased tax levy plus general increases in most items of revenue resulted in a total revenue of almost two and one-half million dollars more than in the previous year. This, however, was offset by increases in all items of expenditure so that the net surplus at the end of the year was \$455,311.00. The total revenue equalled \$14,366,400.00 and total expenditures were \$13,911,089.00.

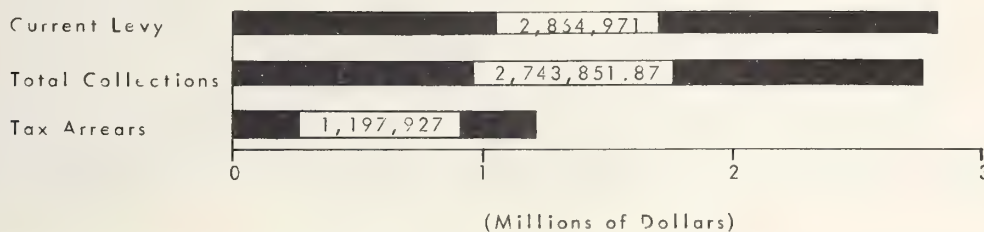

Revenue Fund Assets and Liabilities: Total bank balances, investments and monies due from the Province of \$4,195,559.00 less all outstanding accounts of \$2,530,860.00 resulted in a net cash balance of \$1,664,699.00. The to-date net surplus is \$4,851,915.00 as compared to the 1956 surplus of \$4,260,408.00.

Debenture Debt: The outstanding debenture debt at the end of the year is \$25,958,712.00 which is \$3,470,010.00 more than the 1955 outstanding debenture debt.

VILLAGES (148)

Five new Villages, Bellevue, Breton, Dewberry, Drinnan and Grand Centre plus the Summer Village of Crystal Springs were incorporated on January 1st, 1957. The elevation of the Villages of Manning and Valleyview to town status and the amalgamation of the Village of Drinnan with the New Town of Hinton left the net increase in the number of villages formed during the year at three increasing the total number of Villages to 148 from last year's total of 145.

Assessment and Taxation: Total assessments increased from \$51,315,646.00 in 1956 to \$54,565,745.00 in 1957 and the current tax levy increased by \$280,300.00, from \$2,584,671.00 to \$2,864,971.00. Total tax collections of \$2,743,852.00 remained at a high level being 95.8% of the current levy leaving outstanding taxes at the end of the year of \$1,197,927.00.

General Revenue and Expenditure: Although the total revenue increased from \$3,586,172.00 in 1956 to \$4,026,428.00 in 1957, increased expenditures to a total of \$3,844,826.00 left the net surplus for the year at \$181,603.00 which is a slight reduction from the previous year's net surplus of \$188,288.00.

Revenue Fund Assets and Liabilities: All current liabilities subtracted from the total of bank balances, investments and accounts due from the Province produce a total net cash balance of \$1,209,788.00 at the end of 1957. The total revenue fund surplus for the year equals \$2,117,447.00.

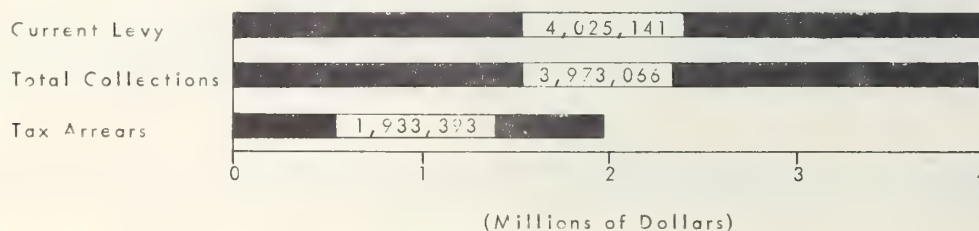

Loans and Debentures: Outstanding temporary loans of \$40,105.00 are almost the same as the 1955 of \$41,014.00. The total gross outstanding debenture debt of \$7,547,588.00 is \$963,423.00 more than the previous year.

COUNTIES (7)

No new counties were established during the year. On February 2, 1957 a plebiscite was held by the County of Warner, No. 4, as required by the County Act, at which the ratepayers voted to retain this form of local self-government.

Assessment: There has been a substantial increase in the total assessment. The total at the end of 1957 is \$70,424,321.00 as compared to \$65,488,871.00 in 1956.

Taxation: A total tax levy for the year of \$4,025,141.00 is \$462,045.00 more than in 1956 while total tax collections excluding discounts of \$121,152.00 were \$3,973,066.00 which is equal to 98.7% of the current 1957 levy. Outstanding taxes at the end of the year of \$1,933,393.00 are 48% of the levy which is 6.8% less than last year's 54.8%.

General Revenue and Expenditure: A total revenue of \$8,232,917.00 less total expenditures of \$8,096,540.00 resulted in a net surplus for the year of \$136,377.00.

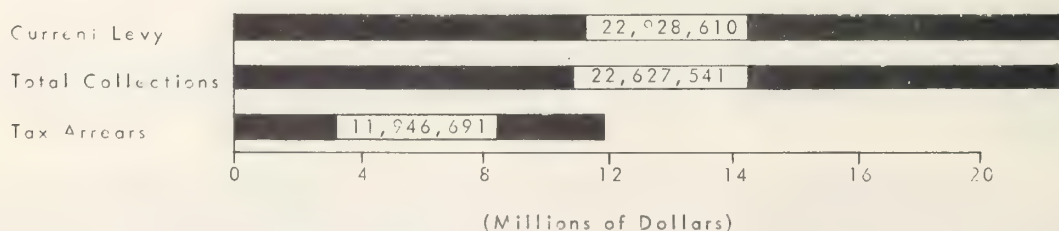

Revenue Fund Assets and Liabilities: Bank balances, investments and accounts due from the Province equal to \$1,686,406.00 less all liabilities in the amount of \$897,306.00 left the Counties with liquid assets of \$789,100.00.

Debenture Debt: Outstanding debentures increased during the year from a total of \$3,251,386.00 at the end of 1956 to a total of \$3,938,181.00 at December 31, 1957.

MUNICIPAL DISTRICTS (41)

The number of Municipal Districts remain the same as last year, forty-one, and only one minor boundary adjustment was made with six sections of land being transferred from the Municipal District of Wheatland, No. 40 to Improvement District No. 42.

Assessment and Taxation: The total assessment equalled \$404,976,720.00 and the total taxes \$22,928,610.00. Tax collections of \$22,627,541.00 are 98.7% of the levy. Outstanding taxes of \$11,946,691.00 are 52.1% of the levy as compared to 58% last year and 62.8% in 1955.

General Revenue and Expenditure: A general increase in most items of revenue and expenditure resulted in a total revenue of \$31,763,902.00 and a total expenditure of \$31,069,108.00. The resulting net surplus for the year is \$694,794.00 as compared to \$450,956.00 last year.

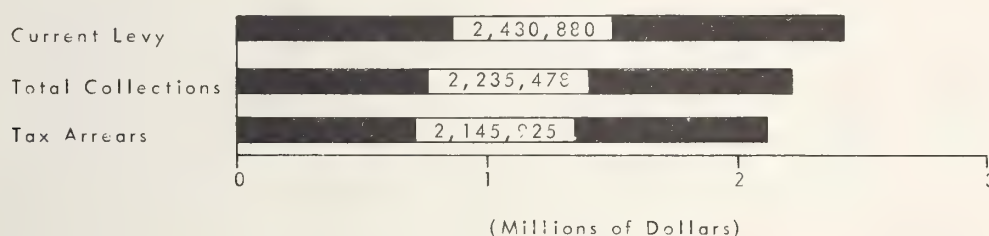

Revenue Fund Assets and Liabilities: Bank balances and investments of \$4,531,482.00 less bank overdrafts and temporary loans of \$1,937,398.00 left a total net cash balance of \$2,594,084.00. Adding \$2,291,529.00 in monies due from the Province to this figure and subtracting all other liabilities in the amount of \$1,117,458.00 left the Municipal Districts with a net cash surplus of \$3,768,155.00. This is \$1,444,298.00 more than the corresponding 1956 figure.

Debenture Debt: The outstanding debenture debt of \$1,294,448.00 is \$843,438.00 more than last year's outstanding debt of \$451,010.00.

IMPROVEMENT DISTRICTS (50)

The total number of Improvement Districts remain at 50 with only the one boundary change in Improvement District No. 42 as noted in the summary of the Municipal Districts.

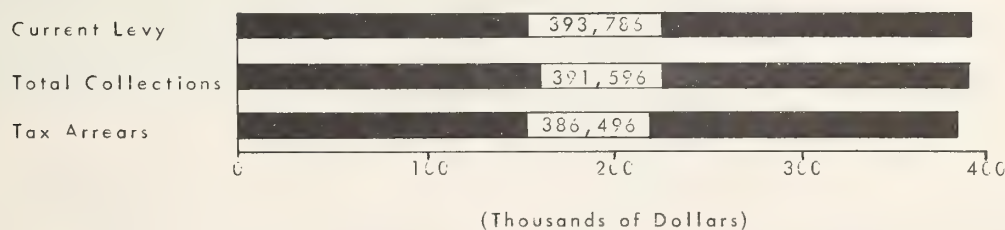

Assessment and Taxation: Banff and Jasper National Parks are respectively co-terminous with Improvement Districts 51 and 80 and a large part of Improvement District No. 8 consists of Waterton National Park. These parks come under the jurisdiction of the Dominion Government. Since no levy is made by this Department and the assessments are used only for local school and hospital purposes it has been decided that the assessments of these parks should not be carried in the Improvement Districts statements. For this reason the total assessment decreased from \$66,601,990.00 in 1956 to the present \$56,899,725.00. The total tax levy equalled \$2,430,880.00 and collections were \$2,235,478.00 leaving outstanding taxes of \$2,145,925.00 at the end of the year.

Assets and Liabilities: The Improvement District trust account of \$2,292,470.00 and outstanding taxes of \$2,145,925.00 make up nearly the entire total assets of \$4,451,550.00. Total outstanding accounts of \$218,351.00 left a surplus for the year of \$4,233,199.00.

SPECIAL AREAS (2)

The Special Areas administered by the Special Areas Board under the jurisdiction of the Department of Municipal Affairs put in a very normal year insofar as their general revenue and expenditures are concerned and the year ending to-date surplus is \$1,413,354.00 as compared to \$1,323,385.00 for the previous year.

REPORT OF THE SPECIAL AREAS BOARD

The year 1957 was a fairly profitable year for the residents of the Special Areas. The spring and early summer was quite dry, which resulted in poor germination of grain. However, rain about the middle of June changed the picture completely with results at harvest time of yields above average, but short of the five previous years. P.F.A.A. crop failure bonuses were paid in approximately 183 townships. The lower yield in 1957 permitted the grain farmer to dispose of a considerable quantity of grain that had accumulated over the previous five years and was becoming quite a storage problem.

Early summerfallowing is becoming more prevalent each year, and with the advent of such agricultural implements as the noble blade and the chisel plow, crop returns have increased. Wind erosion has been at a minimum particularly where there was sufficient trash cover. With few exceptions, good farming practices are becoming more prevalent each year. Hail damage was average. Due to the very dry spring, yields from Crested Wheat Grass were very poor. Brome Grass, although poor at first, did yield some seed and feed which helped to enhance the growers' income; although prices for seed were much lower than in previous years.

The Board purchased a considerable quantity of Crested Wheat Grass in order to carry out our regrassing policy. This policy has resulted in thousands of acres being regrassed which provide early spring pasture for cattle that would otherwise have to eat dry grass carried over from the previous year. Stockmen now consider Crested Wheat Grass a necessity as a spring and fall pasture.

In the light sandy soils Brome Grass is more popular and is considered a fairly satisfactory feed during the winter months. Brome Grass seed from this area has been exhibited at the Royal Winter Fair for some years with gratifying results.

The number of dams and dugouts are increasing each year. The development of small irrigation projects, to provide necessary winter feed, has been encouraged and results from such projects have been very good. However, further development along this line is a necessity if we are going to maintain the present 167,000 head of cattle. Completion this year of irrigation surveys along the West Berry Creek will allow us to proceed with development of this area as rapidly as funds become available. Grass coverage in this area for the year 1957 was well above average, and cattle entered the winter months in good condition. Over three-million acres are covered by grazing leases or yearly permits and raising cattle has become the major source of revenue. With cattle sales now being held each week in Hanna returns to the owners were well above those obtained on the Calgary market. Cattle prices for the year were higher than in 1956, and will result in higher rental charges for 1958. Community Pastures, which cover an area of approximately 170,000 acres, were filled to capacity, and the Board's revenue from the pastures was well above that of any year since the establishment of the Special Areas. No major prairie fire occurred, although the fire hazard was great.

Department of Agriculture officials and our Pest-Control Officer, with the co-operation of local farmers are doing everything possible to control the Norway rat. The elimination of this pest is going to be very difficult unless some measure of control is undertaken by our neighbours to the east. In the meantime, the line is being held but that is all.

1080 Bait was provided in November and December, however, we should bear in mind that the elimination of too many coyotes might result in an increase in other pests such as rabbits, gophers and field mice.

Gas developed in the Gooseberry Lake and Cessford fields is now considered important and in the years to come will result in an increase in our revenue through easements, taxes, etc. We believe oil production, although small, will be steady.

Collection of taxes, crop shares, and lease rentals have been more than satisfactory; and should continue this way as long as cattle prices remain near their present level.

Pleasant View Home for aged men could accommodate some twenty more guests, otherwise, the home is being operated under satisfactory conditions; and all the guests seem contented.

REPORT OF THE PROVINCIAL PLANNING ADVISORY BOARD

This is the 29th in a series of annual reports which began with the publication in 1930 of the First Annual Report of the Town and Rural Planning Advisory Board established by the Town

planning Act of 1929. That Act was the first effective planning legislation in the province, although there was an earlier Act of 1913 which was followed by the first planning studies for Calgary and Edmonton. The latter were not adopted officially and the Act seems to have had little practical effect.

The Board, established in 1929, was composed of eight members of the public from various parts of the province and representing a variety of interests, together with Mr. C. Lionel Gibbs, a member of the legislature and a trained architect, as Chairman, and Mr. Horace L. Seymour as Director of Town Planning and Executive Member of the Board. By December 1931, an impressive beginning had been made on planning in both urban and rural areas of the province. Nineteen planning commissions had been appointed, including the cities of Calgary, Drumheller, Edmonton, Red Deer and Wetaskiwin, thirteen towns and two villages. General planning studies were completed for thirty-seven municipalities (2 cities, 18 towns, 15 villages and 2 hamlets) and were in progress for fifteen others. The legislation had already received favourable comment outside the province, and had been commended at two conferences of urban and rural municipalities in the province by a resolution "that the activities of the Town and Rural Planning Advisory Board be encouraged as a most desirable economic measure."

However, in the spring of 1932 the Director of Town Planning and his staff retired. The office of the Director was removed from the Department of Municipal Affairs to the office of the Highway Commissioner, and then a few years later to the office of the Director of Surveys. The original Board ceased to meet, and was replaced in 1934 by a Board of 4 or 5 public officials, with the Minister of Public Works as Chairman, and the Highway Commissioner as Director of Town Planning. This Board met infrequently during the depression, post-depression and war years, dealing with the erection and operation of gasoline filling stations, the review of zoning by-laws and amendments, the licensing and control of outdoor advertising, and the approval of subdivision plans and transfers of small parcels of land.

Towards the end of the war the number of subdivision plans increased rapidly, as did requests from municipalities for assistance on development plans and zoning by-laws. An extensive report from the Director of Town Planning in 1946 reviewed the increasing difficulties being experienced in the administration of the Act and Regulations, and recommended the re-establishment of a separate Town Planning Branch. Action on this recommendation had to wait until 1950, when important amendments were made to the Act, giving effect to recommendations in a report by Professor Bland and Spence-Sales of McGill University on planning administration in the province. These amendments drastically changed the nature of planning activity in the province, and resulted in the establishment of a new Board as well as a separate Town and Rural Planning Branch within the Department of Municipal Affairs. The new Board consisted of the Minister and Deputy Minister of Municipal Affairs and a new Director of Town and Rural Planning. Provision was also made for the establishment of District Planning Commissions for regions of common interests and problems, and the organization of Technical Planning Boards for the cities. New administrative machinery was thus provided for making planning more effective at municipal level, and for creating a regional and provincial framework conducive to sound municipal planning, and capable of dealing with the accelerated development which followed the discovery of the Leduc oilfield.

The following years saw the establishment of five District Planning Commissions and two Technical Planning Boards with their own qualified staff, contributing to the growing competence of municipalities to control land use and evolve suitable plans for future development. The staff of the Board, forming the Town and Rural Planning Branch of the Department of Municipal Affairs, was gradually increased and carried out a rapidly increasing volume of work providing planning services of all kinds in answer to requests from municipalities, and preparing and administering plans for development of several new towns, as well as administering the Subdivision and Transfer Regulations. The Board's work as the appeal body under the Subdivision Regulations and under many zoning by-laws increased considerably, in addition to its general responsibilities for encouraging the development of sound planning practices throughout the province, and its new responsibilities under the New Towns Act.

The next major changes occurred in 1956 and 1957 as a result of the report of the Royal Commission on the Metropolitan Development of Edmonton and Calgary. A new Part IV on District Planning was added to the Act to make possible effective planning for areas larger than individual municipalities. For the first time groups of municipalities were given the power to prepare plans broadly controlling the major types of land use for the whole planning district surrounding the

major cities. Effective recognition was thus given to the need for dealing comprehensively with the problems generated throughout the whole metropolitan area as the result of the large and rapid growth of these centres. With these measures, Alberta was once again in the lead in dealing with development problems faced by all the larger cities of the continent. Coinciding with these changes were changes in Board membership which included the retirement of the Minister of Municipal Affairs from the Board, and the addition of new members representing the Executive Council and the Department of Highways.

This is the background out of which has developed the current work of the Board and its staff in the Town and Rural Planning Branch.

Membership of the Board was again increased during this year with the addition of representatives of the Departments of Agriculture and Health. The present members of the Board are: Chairman J. H. Holloway, Chairman of the Public Service Commission; A. W. Morrison, Deputy Minister of Municipal Affairs; R. M. Putnam, Deputy Minister of Agriculture; C. W. Lester, Director of Surveys; H. L. Hogge, Provincial Sanitary Engineer and R. M. Rookwood, Director of Town and Rural Planning.

Co-ordination with other government departments has extended as the work of the Branch has become better known, and has been facilitated by the broadened membership of the Board.

The most important changes in legislation in 1957 were the amendments to the Act which removed Ministerial approval of zoning and interim development by-laws, substituted local appeal boards for the Provincial Board where municipalities have their own professional planning staff, and gave broad district zoning powers to District Planning Commissions where the central city is larger than 50,000 people. Commissions operating under the new Part IV are required to prepare zoning plans for their districts, to provide the framework for more detailed zoning within individual municipalities. The first of such plans was adopted on January 8, 1958, by a unanimous affirmative vote of the municipalities forming the Edmonton District Planning Commission, and covers the Edmonton Metropolitan area. The result should be a more stable and definite pattern for future land use which should greatly benefit municipalities and private developers in making their own plans for future construction. The importance of this metropolitan plan in guiding the development of the city could be judged from the fact that 34% of all new dwellings in the metropolitan area in 1957 were built outside of the city, compared with only 13% in 1956.

Other changes in the Town and Rural Planning Act reduced the number of appeals that could be made to the Board. In spite of this, the Board held 39 meetings during the year of which 29 were held in Edmonton, 7 in Calgary, and 1 each in Wetaskiwin, Whitecourt and Olds. 58 Board Orders were issued dealing with appeals, of which 12 were approved unconditionally; 11, subject to certain conditions; and 35 refused. 85 Board Orders were issued dealing with subdivision and other applications, of which 55 were approved unconditionally; 27 approved subject to certain conditions, and 3 refused.

The Planning Report for Rocky Mountain House was published and that for Pincher Creek was continued. Mapping was commenced for the City of Wetaskiwin survey. The position as regards planning studies was reviewed and it was found that the number of requests outstanding (15) would take many years to fulfil. It was therefore decided to alter the method of approach to increase the number of towns being surveyed at one time, and also to further improve the usefulness of the finished report. Methods are now being worked out, by which Town Councils that have asked for planning studies are met and advised to set up a Planning Advisory Commission to work with the Branch from the outset. Survey material will be collected systematically by both the Commission and the Branch and collated by the Branch as a basis for discussion. In this way interested local inhabitants are brought into the planning process. Interest will be further stimulated by meetings to discuss the analysis and the plan stage, and the aim is to arrive at say a 10-year plan and a local organization which can relate development to it and also review the plan periodically.

At the request of the Department of Lands and Forests site inspections were made and subdivision designs prepared for summer resort developments at Thunder Lake, Iosegun Lake, Long Lake, and Rock Lake. A layout was prepared for the new Forestry Training College at Hinton. Other work at the New Town of Hinton included a land use study, design of the major road system, further subdivision designs, and a layout for the hospital site. Measures were also taken jointly with the Department of Lands and Forests to insure a high standard of development along the Jasper Highway between Hinton and the Park Gates, following a joint survey to determine suitable locations for highway commercial development.

Planning studies of various kinds were carried out for Brooks, Edson, Stettler, Wetaskiwin and Whitecourt. Interim development control measures were brought into effect for the Whitecourt area which resulted in the establishment of a local planning advisory commission and created new interest in the possibility of incorporation and the establishment of local self-government for the hamlet of Whitecourt. Further plans were examined and approved for the New Town of St. Albert and one of the Branch staff was appointed as an additional government representative on the New Town Board of Administrators.

15 New Zoning By-laws were prepared during the year together with 8 Interim Development Orders and Amendments. 13 other zoning by-laws and zoning amendment by-laws prepared by local municipalities were checked as to their compliance with the Act and reported upon to the local Councils.

The number of subdivision plans approved for registration rose from 701 in the previous year to 863. The number of transfers dealt with during the year dropped slightly from 218 to 207. Considerably more work than in previous years was devoted to site inspections and the design of subdivisions by the staff, with 76 proposed subdivisions and transfers inspected on the ground and 37 subdivision designs prepared.

The number of district planning commissions in operation remained at 5 although a number of meetings were held with representatives of municipalities in the Peace River Area to discuss the formation of a Peace River District Planning Commission during the coming year. Some of the commissions were enlarged by the addition of new members, with the Village of Breton joining the Edmonton District Planning Commission, the Village of Bowden joining the Red Deer District Planning Commission, and the Village of Picture Butte joining the Oldman River District Planning Commission (formerly known as the Lethbridge District Planning Commission).

The Board considered and approved the Budgets for the five District Planning Commissions and recommended payments of grants amounting to 50% of the Budgets. Grants were distributed in the following manner:—

The Edmonton District Planning Commission	\$26,738.00
The Calgary District Planning Commission	20,980.50
The Red Deer District Planning Commission	12,608.00
The Oldman River District Planning Commission	6,000.00
The Medicine Hat District Planning Commission	9,170.00
TOTAL	\$75,496.50

The amount of travelling by the staff increased again with a total of 267 visits being made to various places in the Province. Of these, 75 were made in connection with proposed subdivisions, 135 were made to advise municipalities on zoning by-laws and other local planning problems, 35 were made in connection with planning surveys and reports and new town development and administration.

The Director attended the second Provincial Planning Officials' conference held in Toronto and the Town Planning Institute of Canada conference held near Quebec City, in September 1957, where the Alberta legislation and the progress made in this province particularly with respect to our District Planning Commissions received favourable comment. The growth of most larger towns and cities in Canada continues to spill over urban boundaries into surrounding municipalities, boundary extensions tending always to lag behind, and the effectiveness of joint planning by adjoining municipalities is therefore an important basic factor in providing favourable conditions for future development of the larger urban centres. All provinces have experienced the need for joint planning among several municipalities at regional level, and the Alberta success in this field is therefore watched with keen interest throughout the rest of the country.

Comparing current planning problems with those of previous years, many of them are similar to those described in the First Annual Reports of the Board in 1930-31. These are the perennial problems of urban growth and change, and many municipalities still have not used the powers contained in the legislation to develop the machinery for dealing with them.

However, the most critical current planning problems are those resulting from the accelerated expansion of the major cities, particularly the two metropolitan centres of Calgary and Edmonton. The municipalities, both urban and rural, affected by this expansion are acting jointly to work out suitable plans for orderly, economic development to accommodate this expansion and to provide

desirable living and working conditions for the greatly increased population. Through the District Planning Commissions these municipalities have the opportunity to avoid such problems as the speculative fragmentation of land in advance of need, and scattered substandard fringe development—both of which create bad living conditions, municipal financing problems, excessive property taxes, loss of easy access to unspoiled countryside and ugly and squalid approaches to cities, and insurmountable (except at very high cost) obstacles to economical and attractive expansion of industrial, business and residential areas.

It cannot be assumed that the creation of an effective regional planning authority will be sufficient alone to deal with the problems of metropolitan growth. Nor can it be assumed that the problems that are still unanswered in most major cities of the continent will be answered in this province overnight, or without a period of trial and error. However, 7 years of growing experience in the operation of district planning indicate that the basic approach is sound and with sufficient patience and goodwill can be made effective in dealing with many avoidable problems that are still common to most cities.

As development pressures increase, some criticism must be expected from individuals whose private interests conflict with public controls over the subdivision and use of land. In practice these have been relatively few, viewed against the tremendous volume and rate of development in the post-Leduc period. Furthermore, they must be compared with the little-recognized but nevertheless very great achievements in economizing and yet improving the standard of new development.

However, the criticisms require an answer. First, there must be public confidence that individual rights are adequately protected. Second, there must develop public understanding and support for planning, generating an effective demand for planning as an essential public service. The first answer will be considered during the coming year in terms of a reconsideration of the ways in which plans are made and adopted, and of the opportunities for individual appeal against a too rigid application of plans in practice. The second answer will be sought through the greater participation of a broad cross-section of the community in preparing plans, and through greater publicity for the content of plans and the objectives they are meant to achieve.

Respectfully submitted,

A. W. MORRISON,

Deputy Minister.
